

Journal of Veterinary Diagnostic Investigation

Volume 17, Number 6 November 2005

Table of Contents

REVIEW ARTICLES

- Diagnosis of transmissible spongiform encephalopathies in animals: a review. *Dolores Gavier-Widén, Michael J. Stack, Thierry Baron, Aru Balachandran, Marion Simmons* 509
- Clostridial enteric infections in pigs. *J. Glenn Songer, Francisco A. Uzal* 528

FULL SCIENTIFIC REPORTS

- Development of a real-time PCR for detection of *Mycoplasma bovis* in bovine milk and lung samples. *Hugh Y. Cai, Patricia Bell-Rogers, Lois Parker, John F. Prescott* 537
- Status spongiosus of white matter in newborn Gelbvieh-cross calves. *D. O'Toole, D. L. Montgomery, L. Steadman, B. O'Rourke, W. Russell, J. Dennis* 546
- Effect of egg yolk on the detection of *Mycobacterium avium* subsp. *paratuberculosis* using the ESP II liquid culture system. *N. Beth Harris, Suelee Robbe-Austerman, Janet B. Payeur* 554

BRIEF COMMUNICATIONS

- Variation among pathologists in the histologic grading of canine cutaneous mast cell tumors with uniform use of a single grading reference. *N. C. Northrup, E. W. Howerth, B. G. Harmon, C. A. Brown, K. P. Carmichael, A. P. Garcia, K. S. Latimer, J. S. Munday, P. M. Rakich, L. J. Richey, N. L. Stedman, T. L. Gieger* 561
- Use of a multiplex polymerase chain reaction to rapidly differentiate *Neospora caninum* from *Toxoplasma gondii* in an adult dog with necrotizing myocarditis and myocardial infarct. *Emily K. Meseck, Bradley L. Njaa, Nicholas J. Haley, Edward H. Park, Stephen C. Barr* 565
- Development of a SYBR green real-time polymerase chain reaction assay for quantitative detection of *Babesia gibsoni* (Asian genotype) DNA. *Aya Matsuu, Satomi Ono, Hiromi Ikadai, Tsuyoshi Uchide, Saiki Imamura, Misao Onuma, Shozo Okano, Seiichi Higuchi* 569
- Comparison of six RNA extraction methods for the detection of classical swine fever virus by real-time and conventional reverse transcription-PCR. *Ming Y. Deng, He Wang, Gordon B. Ward, Tammy R. Beckham, Thomas S. McKenna* 574
- Equine herpesvirus-4 kinetics in peripheral blood leukocytes and nasopharyngeal secretions in foals using quantitative real-time TaqMan PCR. *Nicola Pusterla, Christian M. Leutenegger, W. David Wilson, Johanna L. Watson, Gregory L. Ferraro, John E. Madigan* 578
- Cloning and sequencing of equine cardiac troponin I and confirmation of its usefulness as a target analyte for commercial troponin I analyzers. *Mark Rishniw, Kenny W. Simpson* 582
- A method for extracting genomic DNA from individual elaphostrongyline (Nematoda: Protostrongylidae) larvae and differentiation of *Elaphostrongylus* spp. from *Parelaphostrongylus* spp. by PCR assay. *Neil B. Chilton, Florence Huby-Chilton, Murray W. Lankester, Alvin A. Gajadhar* 585
- Bovine viral diarrhea virus in alpaca: abortion and persistent infection. *Susy Carman, Nancy Carr, Josepha DeLay, Mohit Baxi, Dirk Deregt, Murray Hazlett* 589
- Persistent viral shedding during asymptomatic Aleutian mink disease parvoviral infection in a ferret. *Kate E. Pennick, Mary Ann M. Stevenson, Kenneth S. Latimer, Branson W. Ritchie, Christopher R. Gregory* 594
- Systemic *Cryptococcus albidus* infection in a Doberman Pinscher. *Olivia Labrecque, Doris Sylvestre, Serge Messier* 598
- Occurrence of Piscirickettsiosis-like syndrome in tilapia in the continental United States. *Michael J. Mauel, Debra L. Miller, Eloise Styer, Deborah B. Pouder, Roy P. E. Yanong, Andrew E. Goodwin, Thomas E. Schwedler* 601
- Seasonal meningoencephalitis in Holstein cattle caused by *Naegleria fowleri*. *Barbara M. Daft, Govinda S. Visvesvara, Deryck H. Read, Hailu Kinde, Francisco A. Uzal, Michael D. Manzer* 605

Canine coronavirus-associated puppy mortality without evidence of concurrent canine parvovirus infection. <i>J. F. Evermann, J. R. Abbott, S. Han</i>	610
Eastern equine encephalitis in dogs. <i>Michele D. Farrar, Debra L. Miller, Charles A. Baldwin, Shane L. Stiver, Clint L. Hall</i>	614
Fatal necrotizing fasciitis and myositis in a captive common bottlenose dolphin (<i>Tursiops truncatus</i>) associated with <i>Streptococcus agalactiae</i> . <i>Valentina Zappulli, Sandro Mazzariol, Laura Cavicchioli, Claudio Petterino, Luca Bargelloni, Massimo Castagnaro</i>	617
Intrarenal pelvic nephroblastoma in a meerkat (<i>Suricata suricatta</i>). <i>Bhanu P. Singh, Janet C. Patterson-Kane, Sharon P. Redrobe, Jennifer L. Chapman</i>	623
Gossypol toxicosis in a dog consequent to ingestion of cottonseed bedding. <i>Francisco A. Uzal, Birgit Puschner, John M. Tahara, Robert W. Nordhausen</i>	626
Submitting manuscripts	630
Position announcements	630

Save Lives

**15 minute PIVKA* test for
Rodenticide Poisoning in small animals**

- Clear results in just 15 minutes
- Affordable – as low as \$1 per test

**AN-01003762
PIVKA (Thrombotest)
12 X 2.2ml.....\$107.-**
